## Overview

Once warrants are uploaded into the Warrant Master, they can be edited as long as they are in the Issued status. The following edits are shown in this job aid:

- Stop
- Void
- Delete
- Account coding
- Amount

This job aid also shows how to add a manual warrant.

### Important Note

Warrant Maintenance tasks are not performed in the AgencyWeb. They require access to Microsoft Dynamics and, possibly, RSA token access (if you are outside of the County network).

- Warrant maintenance tasks for MCESA-hosted school districts are performed by MCESA
- Warrant maintenance tasks for County Agencies are performed by County Finance

### Security Access required: Dynamics - Warrant Maintenance

System Used: Microsoft Dynamics

Special Access notes: An RSA token is required if you are accessing Microsoft Dynamics from outside the County network

Questions? Please contact the Treasurer’s Office at Treasurer.Accounting@mail.maricopa.gov
Getting Started

Accessing Microsoft Dynamics
When you are first granted access to Microsoft Dynamics for Warrant Maintenance tasks, you will receive an email with a User ID, a temporary password, RSA token installation and usage information (if applicable), and instructions on how to access and log in to Microsoft Dynamics.

The Home Screen (“Area Page”)
Once you log on to Microsoft Dynamics, your options will be limited to only those tasks that you can perform. You will not have to sort through options you will never use.

Your Home Page (called an “Area Page” in Microsoft Dynamics), shows that you are in the **Accounts Payable** module
Access the Warrant Master

The only task you can perform when you first log on is to access the Warrant Master.

You can view all warrants or you can choose to view only warrants in a specific status.
- Click on the link for the view you wish to see

*Note: If you choose to view “All warrants”, you will be able to filter the resulting display by status*

(This job aid uses the “All warrants” view)

To insert a filter row below the column headers, press the Control key and the letter G – Ctrl + G
**Using the Filter Row**

To filter by column, enter a value in the field and press the **Enter** key (see examples below). To clear the filter, delete the value and press the **Enter** key.

**Example: Filtering for a specific Warrant Number**

![Filtering for a specific Warrant Number](image1)

**Example: Filtering for a specific Date**

![Filtering for a specific Date](image2)
To add a warrant, click the **Warrant** button in the upper left of the screen.

A “New Record” window will open

- There are two sections to the “New Record” screen:
  - Warrant Header
    - Warrant number
    - Issued date
  - Warrant Lines
    - Amount
    - Payee
    - Account (for account coding string)

*Note: If either of these two sections does not display on your screen, click the symbol to open the input area.*
### Warrant Header

- Enter the ten-digit warrant number
- Enter the issued date (either manually or using the calendar function)
  - When you exit this field, a time stamp will appear in the right-hand area of the field (defaulting to 12:00:00 am)
Add a Warrant

Warrant Lines

<table>
<thead>
<tr>
<th>Amount</th>
<th>Payee</th>
<th>Account</th>
</tr>
</thead>
<tbody>
<tr>
<td>0.00</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

Click in each section to enter the Amount, Payee, and Account (coding)

Account

| 210100 - 500 - 5214 - 5030 - 50109 - 4100 | - | - | - |

Note for entering account coding:
- When you type in the numbers, use the Tab key to move to the next segment area (it will insert a hyphen to separate them).
  - In the above example: enter 210100, press the Tab key, enter 500, press the Tab key, enter 5214, etc.
- As you move to a field, if you don’t wish to type a number you can expose a drop-down list from which you may choose a value by clicking on it

Remember to enter at least the six required segments. Of course, you may enter one or more of the Agency Optional Dimensions if you use them

When you have entered the above information, click the Close button in the lower right.
Add a Warrant

View the added Warrant

Click the Refresh button
The added warrant will appear in the list
• In this example, the warrant number was entered in the filter field to find the warrant (rather than scrolling through the complete listing of warrants)

The warrant is now queued for positive pay.

Edit a Warrant for Void or Stop Payment (Issued status only)

To edit a warrant,
• Select the warrant (either highlight the row or check the checkbox to the left of the warrant number)
• Click the Edit button in the upper left of the screen
Edit a Warrant for Void or Stop Payment (Issued status only)

Click the Status button to bring up a drop-down list for additional selections.

- To void a warrant, select **Void**
- To stop a warrant, select **Stop**
Edit a Warrant for Void or Stop Payment (Issued status only)

Void message

Confirm that you wish to void Warrant number: 170060269, issued on: 3/31/2017 12:00:00 am, for the amount of $0.01

- Click Yes to confirm the Void
- Click No to discontinue the process

The warrant status will now show as Void.
Edit a Warrant for Void or Stop Payment (Issued status only)

Stop message

- Click Yes to confirm the Stop
- Click No to discontinue the process

Note the message that “bank fees will be applied, so do not Stop a warrant that you still possess”

The warrant status will now show as Stopped

![Status: Stopped]

When you have processed the Void or Stop, click the Close button in the lower right
Edit a Warrant for Void or Stop Payment (Issued status only)

To view the Void or Stopped Warrant:

Click the Refresh button.
Edit a Warrant for Amount or Account Coding (Issued status only)

To edit a warrant,
- Select the warrant (either highlight the row or check the checkbox to the left of the warrant number)
- Click the Edit button in the upper left of the screen

To edit the Amount, click in the Amount filed in the Warrant Line
- Correct the amount

This can only be done for warrants in Issued status

To edit the Account, click in the Account filed in the Warrant Line
- Correct the account coding

This can only be done for warrants in Issued status
Edit a Warrant for Amount or Account Coding (Issued status only)

To view the edited Warrant

Click the Refresh button

Note that the account coding does not appear on the warrant master screen
Delete a Warrant

To delete a warrant,

- Select the warrant (either highlight the row or check the checkbox to the left of the warrant number)
- Click the Delete button in the upper left of the screen
Delete a Warrant

Delete message

- Click **Yes** to confirm the Delete
- Click **No** to discontinue the process

Confirm the deletion

The warrant status will now show as **Deleted**

<table>
